ICMART 2011
The Hague, Netherlands

The 15th World Congress on Medical Acupuncture

13 - 15 May 2011
The Hague

The state of the art of acupuncture in Integrative Medicine
The State of the Art of Acupuncture in Integrative Medicine

Recent studies in renowned medical centres have shown the importance of acupuncture as a cornerstone of integrative medicine. Therefore this ICMART-Congress 2011 focuses on selected topics regarding the strengths and chances of acupuncture treatment in this modern world.

We expect TMC experts from all over the world will gather in the Netherlands to present their expertise on the chosen topics. Each topic will be followed by a proper occasion for a discussion.

The aim of this ICMART – Congress 2011 is to agree upon formulating a strategy of TMC research in the upcoming 10 years.

Tentative programme

Three invited lectures on pain-management, palliative oncology and stress reduction. There will be plenary sessions, parallel sessions and poster presentations. Social programme: Gala dinner, Keukenhof, Van Gogh museum.
